Summary

- Today I foucsed on the Cyber CTF challenge.
- I solved the RE spidy challenge I was working on yesterday. I realized that I needed to read the debug console... I had the flag the whole time.
- I moved onto some of the web challenges. I usually try to do challenges from other categories so I can try and build more epxerience.
- I did a bit of a pcap challenge and looked at some of the recently released RE challenges.
- I will have a write up for all my work when the CTF ends.
